Janette Harding ~ Administrative Assistant

## **Ohio State Testing Dates for the 2023-2024 School Year** **Norwood Elementary**

Third, Fourth, and Fifth grade students will be required to take state testing. Third grade students will begin taking their first state assessment in the fall, which will be the English Language Arts assessment. If a Third grade student met the proficient score of 700 in the fall, they are able to opt out of taking the spring English Language Arts assessment. They will still be required to take the Math state assessment. Third, Fourth, and Fifth grade students will be taking the English Language Arts and Math state assessments. Only the Fifth grade students will be required to take the Science state assessment. Below you will find the dates listed for each test and grade level. We encourage parents to try and avoid appointments and absences during these days in order for students to complete their assessments. All assessments will take place in the morning, so students are encouraged to arrive at school on time.
